

our Service? You can help!

About Contributions

The Alameda County Area Agency on Aging (AAA) is delighted to provide free Senior Information and Assistance (I&A) services. Because Alameda County's Senior Information & Assistance service is funded under Title IIIB of the Older Americans Act, we are required to offer our consumers a chance to help pay for the service if they are able and willing. Contributions of any size are welcome.

Voluntary

You **never** have to contribute to receive services for which you qualify. If you can, and you want to, your generosity helps to cover the cost of services and to keep them going.

Confidential

Contributions are confidential –not tracked by person and amount.

THANK YOU
