

## What Happens If You Stop Participating?

There are no penalties if you decide to stop participating. You will continue to receive the entire amount of your General Assistance and/or CalFresh benefits if you are already receiving them, but only for as long as you are eligible.

However, we will close your CalFresh Employment & Training case and you will not be allowed to participate again until the next time you become eligible for GA or CalFresh benefits.

## “What Do I Need To Do Next?”

First you will be interviewed by a Social Worker or Eligibility Services Technician and given an opportunity to participate. If you choose to participate, you will attend an Orientation class where you will receive more information about the program and be assigned to your first activity.
